Communion distribution will be starting again at the MidNebraska Lutheran Home in Newman Grove. Communion distribution will be on Wednesdays from 9:00 -9:30am. The plan at this time is to have 2 group settings to distribute to: one in the nursing home and another group setting in assisted living. No resident room to room distribution right now. Vaccine mandates to enter the Home have been dropped. We would like to start this ASAP. Please consider helping to bring Christ to our elderly. There will be a sign-up sheet in the back of church, or contact the rectory.

Community-Centered Facility – Project Updates

Project work continues with the evaluation of locations and developing the business plan including various components required for funding and ongoing sustainability. This will continue to take a few more weeks to fully vet to determine project viability. Once this research phase is complete, community information and feedback sessions will be scheduled (targeting early summer). Please continue to pray for the community members participating and that their efforts are steered towards the best path forward for our community. Watch for more information to be shared in the weekly bulletins.

Walking Trail Updates

Lindsay Area Development has highlighted the project scope and details regarding the walking trail this past week on their Facebook site. This was one of the projects prioritized by community members in the 2017's community attitude survey and town hall meeting in November. Planning and preparations will be the focus of 2022 with construction to start in 2023. Thank you to all those who provided support in various ways to securing the grant and watch for more updates as project progress continues!

Nebraska ProLife News

We are encouraged to thank the Senators for their support of the prolife bill LB933 which did not advance (31-15). The bill would have stopped all abortions in NE, except to save a mother's life if Roe v Wade was outlawed in the Supreme Court. Supporters were: Joni Albracht (sponsor), Mike Moser, Tom Briese, and Mike Flood.
