Thank you to all who attended the first informational session Wednesday night 6/29. Based upon that positive response, we will be continuing to move forward with the project. Two (2) additional smaller group information sessions will be offered at 7pm at the project center. These will dig into more detail the programs, grants and donor options available.

Additional times and dates will be added as needed and updates shared in bulletins.

Seating is limited. Contact Jacob Hall to sign up 402-920-0613 or for other meeting options.
